Practical Information

Who should participate?

This certification program is relevant for anyone wanting a deep and broad knowledge of how to measure and manage financial risks. You will learn how to measure and manage market risk, credit risk, liquidity risk and operational risk.

Content

The education contains three 2-day modules. In between the modules, you will be asked to read relevant material and solve exercises. After the final module you have the possibility to take an exam to become a Certified Risk Manager.

> “Instruktøren benytter relevante eksempler fra virkeligheten og har meget god og bred kompetanse. Presentasjonen av det faglige innholdet er meget pedagogisk. Det faglige innholdet er svært relevant i forhold til mitt arbeid innenfor risikostyring.”
>
> Thomas Bråtner, Fearnley Securities
> Certified Risk Manager

> “Terms are used almost at daily basis at the office and I had earlier only high level understanding of the meaning, but now I am better aware of the real meaning.”
>
> Sami Kekäläinen, Ilmarinen
> Certified Risk Manager
